

BRAINMAXX

Think better. Learn faster.

HUMAN INTELLIGENCE + ARTIFICIAL INTELLIGENCE

ONE MIND. TWO WAYS TO GROW.

VISUAL IDENTITY / v1.0 / NOV 2026

The mark

Organic intuition. Engineered precision.

PRESERVE THE SILHOUETTE AND INTERNAL NEGATIVE SPACE

01 / ORGANIC LEFT

Flowing cortex paths represent human learning and flexible thinking.

02 / CIRCUIT RIGHT

Angular traces and five ring terminals represent artificial intelligence.

03 / FOUR CONNECTIONS

Four orange nodes connect the systems. Keep their number, position and spacing.

Logo configurations

Choose the composition that fits the space.

BRAINMAXX

WORDMARK / WHEN THE MARK IS ALREADY PRESENT

Space and scale

Give the mark room to remain recognizable.

CLEAR SPACE = AT LEAST 15% OF MARK HEIGHT

Minimum size

Digital mark: 48 px high. Prefer 98 px or larger for the full detail.
Print mark: 12 mm high. Test the output on the actual material.

98 PX

64 PX

48 PX

Favicon files are supplied for utility use at 16-32 px; fine details will simplify at that scale.

Color and typography

A four-color system with a geometric voice.

Deep Navy

#0B1B33

RGB 11 / 27 / 51

Signal Teal

#19C3B1

RGB 25 / 195 / 177

Warm White

#F4F1EA

RGB 244 / 241 / 234

Spark Orange

#FF7A3D

RGB 255 / 122 / 61

Outfit Bold

ONE COLOR / REVERSED

COLOR / LIGHT SURFACE

ONE COLOR / POSITIVE

Digital applications

Use the ready-to-upload files in 03-Digital.

CENTER STRIP / 60% WIDTH x 30% HEIGHT

PROFILE

1600 / 800 / 400 px
98 px review size
Approved glow included

Banner: 2560 x 1440 px. The orange outline here is a guide overlay only; it is absent from the delivered banner.

Production and handoff

A practical system for consistent use.

USE SVG FOR SCALING

All 15 SVGs contain vector paths. Wordmarks are outlined; no font installation is needed to display them.

USE PNG FOR UPLOADS

Transparent PNGs are supplied at large sizes. Dark and light variants use different terminal-ring colors for contrast.

KEEP THE ORIGINAL GLOW

The approved raster profile and banner are included unchanged. Vector versions are clean, flat production reconstructions.

PROTECT THE IDENTITY

Keep proportions, four center nodes, five ring terminals and the two-half structure. Avoid stretching, rotation, arbitrary recoloring or busy backgrounds.

Outfit font files and the SIL Open Font License are included. The flat vector wordmark uses Outfit; the earlier generated banner uses a visually related rendered wordmark. Color values are sRGB; no CMYK profile or trademark clearance is implied.
